Col. George Johnstone.

Mr. John Burke, the staff correspondent of the Augusta Chronicle, who is reporting the Tillman trial for his paper, in writing of the lawyers in the case has the following to say of Col. George Johnstone who is for the defense:

"Col. George Johnstone is another lawyer of the defense. Here you have the past master of sarcasm, with a shrewd mind and eloquence of a very forcible nature. Col. Johnstone is always virile. There is nothing of compromise in his make up. It is always fight, fight, fight with him. In the forum of the court house this gentleman never gives quarters and you could imagine nothing more foreign to his character than asking it. He is happiest when in the throes of deep contention, when his own splendid intellect is pitted against one that pushed his on to the greatest efforts.

"As an orator, Col. Johnstone is very strong. His physique is impressive, manner emphatic and his voice of commanding tenor. In the realms of logic he is particularly apt and fits his arguments together with a precision and co eney that renders his finished speeches difficult of successful assault. Johnstone does not plead or entreat for results, he simply sweeps obstacles from his path by powerful bursts of eloquence in which are carefully welded law and reason. When he turns his tongue and thoughts to onslaught he fairly scourges the object of attack. How he can make a man writhe and suffer mental anguish must be seen to be appreciated. There is an independence about Col. Johnstone's efforts that carries confidence to the minds of his hearers in short order. Summed up in a sentence he is a careful, yet daring advocate, a thorough sifter of evidence, a man of excellent courage who speaks his mind freely, without the slightest fear of any consequences that may follow."

Fifty Years of Wedded Life.

Mr. Levi J. Fulmer was born September 7, 1830, and Miss Elizabeth Sloan was born March 19, 1829, and they were married October 23, 1853.

To them four children were born and eighteen grandchildren and twelve great-grandchildren. One of their children is dead leaving three still living. Mr. and Mrs. Fulmer are also still living and on the twenty third day of this month they will celebrate their golden wedding day. They live in the lower section of Newberry county near Piney Woods church. The Herald and News hopes the golden wedding anniversary may be a pleasant one and that they may live many years yet in the enjoyment of all the blessings of life.

Pool—Weeks.

Invitations to the marriage of Miss Nancy Broadbent Pool to Dr. Clarence Douglas Weeks at the First Baptist Church in Newberry October 22 at 8.30 p. m., have been issued.

Miss Pool is the eldest daughter of Mr. and Mrs. T. C. Pool and a very handsome and accomplished young lady.

Dr. Weeks is a native of Sumter but has been in Newberry for several years and is now a member of the drug firm of Gilder & Weeks.

At the Church of the Redeemer.

At the Church of the Redeemer, on Sunday morning next, the subject of Missions from a utilitarian view point will be presented by the pastor. It is hoped that every member of the church, who can possibly attend this service, will do so. In addition to the regular offerings an opportunity will be given to all to make an offering to the cause of missions. The service will be under the auspices of the Woman's Home and Foreign Missionary Society of the church, the annual synodical convention which will be held in Columbia early in November.

The election of deacons will take place on the morning of the 15th of October. The church on Saturday on the 9th and 10th. Mr. Haynesworth, lawyers of the Greek, are sure will make a good judge.

Get the Best For the Asking. When you order a sack of patent flour from your grocer, do not tell him to send you a sack of "good flour," but tell him to send you a sack of "Clifton." Because "Clifton" is the best patent. Every sack is not proved as represented, and if it does not prove as represented, your money will be refunded. "Clifton" is an all-around flour, and is as good for cake and pastry as light rolls and biscuits.

DR. GEO. B. CROMER RESIGNS.

Newberry College Loses an Able Head—To Return to His Law Practice—His Health the Cause.

It is rumored that Dr. Geo. B. Cromer has written his resignation to the board of trustees of Newberry College to take effect the first of July, 1904, unless it should suit the board to release him at an earlier date, though the board has not given out the information.

It is stated that Dr. Cromer states as a reason for his course that he does not believe his health will permit the nervous strain incident to the presidency of the college. It is known that he did not take the position as a matter of preference but he felt it a call to duty.

Dr. Cromer succeeded Dr. Geo. W. Holland as president of the college, being installed in January, 1896. Under his administration the college has been eminently successful and the many friends of the college will regret that he feels it his duty to lay down the work. The enrolment under his administration has been larger than in the history of the college, and a new \$20,000 building is in process of erection.

The regular meeting of the board of trustees is not until June, 1904, but it is probable that the chairman will call a meeting of the board during the Lutheran Synod, which will be held in Columbia in November. It would be well if the trustees could secure a successor at this time, even if he did not take charge until next year for it would not leave the matter in doubt and then the new man would have time to get into the work.

It is understood that Dr. Cromer will resume the practice of law and that he will be a member of the firm of Johnstone & Welch. He was a partner of Col. Johnstone when he went to the college. If he should become a member of this firm it will be one of the strongest law firms in the State.

If the board could secure the services of Dr. Robert C. Holland, now serving the Lutheran church at Charlotte, N. C., it would be a fortunate thing for the college. Dr. Holland is a brother of the late Dr. Geo. W. Holland and a warm friend of the college.

Steel Bridge at Whitlire.

Supervisor Schumpert has decided to build a steel bridge over Duncan's creek at Whitlire. He will go there in a few days to get measurements and specifications and will then advertise to let the contract. There is very great need of a new bridge at this place and it is economy to build a steel bridge at places like this.

Marriage of Miss Purcell.

Col. C. J. Purcell went to Augusta on Saturday to attend the marriage of his sister, Miss Lou King Purcell, to Mr. Partridge, of New York, which was solemnized on Sunday. Mr. Partridge is the proprietor of the Bon Air Hotel. Miss Purcell will be remembered by many Newberryans, having visited her brother here some time ago.

T. J. HAYS.

THE COLUMBIA HOTEL.

Mr. Sam Wheeler, Son of Mr. D. Henry Wheeler of Newberry, Purchaser.

The following is from the Columbia State of the 7th. Mr. Wheeler is a son of Mr. D. Henry Wheeler of Newberry and has had considerable experience in the hotel business and has been quite successful. His Newberry friends who visit Columbia will be very glad to stop with him at the Columbia.

The Columbia hotel changed hands yesterday afternoon, Mr. S. F. Wheeler being the purchaser. Mr. Wheeler is well known both to the tourists and the traveling public as the genial boniface of the Wheeler, the resort hotel of Hendersonville. The transfer which has been pending for some time was completed yesterday and last evening Mr. Wheeler assumed charge. There will be no change in the staff of the hotel at this time.

"Yes I consider that I am fortunate in coming to Columbia," said Mr. Wheeler last night. "I feel that this is a good field for a hotel man. The Columbia is all right at present, but in the next few years there will be a hotel on Main street that will be unlike any now in business here."

Mr. W. L. Bain, who was associated with Mr. Wheeler in Jacksonville before he managed the Hendersonville house, is in the city and will remain for some time. Mr. Wheeler returns to Hendersonville on Thursday to close the Wheeler and will be in the city on Saturday night to take up his residence.

Mr. Wheeler himself is a hotel man of considerable experience, having been in the business for several years and no doubt the patrons of the house will be more than well cared for at his hands.

THE ICE FACTORY.

Mr. Herlong Will Be Ready For The Business Of The Next Season.

It is expected that Mr. V. J. Herlong, who so long ago purchased a lot from Mr. Pool near the Southern Railway on the Southern end of Caldwell street, will very soon be in shape to begin work on his ice plant which he expects to erect in Newberry.

There has been some disagreement between Mr. Herlong and the Southern Railway on the matter of a spur track, the Southern wanting him to pay for erecting it, but as Mr. Herlong will handle coal and wood and also lumber in large quantities it is thought the Southern will agree to put in the necessary trackage.

Mr. Herlong will have a total investment of about \$25,000 when he gets his plant all up. He may also arrange to furnish power for small enterprises in the city, something very much needed and we should think it would be profitable.

If everything works satisfactorily from now on it is expected to have the ice plant ready for the manufacture of ice for the next season.

Letter to Z. F. Wright, Newberry S. C.

Dear Sir: Father and son: one is glad, the other is sad. Devotee; lead and oil.

Mr. Charles Hollenbeck, Fair Haven, N. Y., painted his house Devotee three years ago; his father, same time, painted his house lead-and-oil.

The father's house is all chalked-off; the son's is as good as new. They'll paint the same way next time.

Yours truly

IT MUST BE TRUE.

Newberry Readers must Come to that Conclusion.

It is not the telling of a single case in Newberry but scores of citizens testify. Endorsement by people who know bears the stamp of truth. The following is one of the public statements made in this locality about Doan's Kidney Pills.

M. M. Graham salesman in furniture store on Main street, back hurt me for a long time especially at night when I have lain awake many a time suffering with it. There was a nasty dull aching pain across my loins and no position I assumed would ease it and it hurt so to turn over that I had to take both hands and just pull myself over. The second time from the kidneys were 'ar' and full of sediment besides being so frequent in action that my night's rest was broken as many as several times. I used different kidney remedies but nothing touched the right spot until I got a box of Doan's Kidney Pills at W. E. Pelham's & Son's drug store. I was surprised at the result obtained. The sediment disappeared from the secretion and they resumed their natural appearance and action so that I could sleep all night and arise in the morning rested and refreshed. I have not had backache since."

For sale by all dealers. Price 50 cents. Foster-McMillan Co. Buffalo.

Remember the name Doan and take no other.

COPY OF LETTER RECEIVED FROM W. R. McCARRY.

Senoia, Georgia, June 20, '03.

Gentlemen:—We furnished the Longman & Martinez Pure Paints for painting the Methodist Church of this place.

They only used thirty-two gallons, and painted three coats.

They calculated their requirements would be forty gallons of paint to cover two coats.

After two coats had been applied, they found it took so much less than the first calculation, that the committee decided to put on a third coat.

This was done with thirty-two gallons.

They saved twenty-one gallons of paint by the use of the Longman & Martinez Pure Paints.

Longman & Martinez donate a liberal quantity of their paint to every church through any of their agencies, located in every City, Town and Village in the United States.

Very truly yours, W. R. McCARRY.

The Longman & Martinez Paints are sold by Newberry Hardware Co.,
